

12v 4kWh outdoor battery cabinet

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace of mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

Why do you need an outdoor battery enclosure box?

Outdoor battery enclosures keep your batteries safe from weather and safe from theft. Outdoor battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted.

What is the best material for battery cabinets?

Aluminum is a popular material for battery cabinets due to its superior properties. Ideally, aluminum is known for: Galvanized / Stainless Steel Outdoor Battery Enclosures. Stainless steel battery boxes and galvanized steel battery boxes are also common.

What is a HindlePower Battery Cabinet?

HindlePower's Battery Cabinet is designed to maximize DC system performance and battery life, saving YOU time and money. The EPIC series battery cabinet offers a NEMA 3R and NEMA 1 modular design, with built-in intelligence, will safely house any combination of batteries, chargers, DC distribution, and/or other ancillary equipment.
