What is a waterproof outdoor power strip?

This waterproof outdoor power strip is designed with an all-round safety feature, including electric shockproof outlets, built-in overload protection, and heat-resistant ABS+PC material. It has 3 outlets compatible with both 2-pin and 3-pin U.S. standard plugs, and a 6.56 feet heavy duty extension cord.

Can you use a power strip outside?

Never Use Indoor Power Strips Outdoors While there are power strips that are designed for outdoor applications, unless your strip's packaging specifically says it's suited for outdoor use, it's not designed to stand up to weather and water. Keep it inside and find one you can use safely out in the elements.

How many outlets does a waterproof power strip have?

This waterproof power strip features 6 waterproof outlets, 3 USB ports that can charge up to 9 devices, and a 6 ft extension cord. It is IPX6 waterproof rated and has a patented Electric Shockproof Outlet design that ensures foreign objects can't get powered through.

Is Qiyuan outdoor power strip waterproof?

The Qiyuan Outdoor Power Strip is a weatherproof surge protector that is perfect for all your outdoor power needs. With its IPX6 waterproof rating, it can withstand rain, water splash, and even water flow. The shock prevention outlets ensure that only US standard plugs can be connected, preventing foreign objects or fingers from getting powered.

Are outdoor power strips safe?

Outdoor power strips have safety features to prevent them from shorting out due to overloading. Some outdoor power strips also function as surge protectors and have built-in fuses that cut off the flow of current when it exceeds the maximum wattage for a standard 15-amp outlet, which is 1,875 watts.
